AIM:

Program to design a resume using HTML basic elements table, styles, links and list.

PROCEDURE:

1. Create your resume on a word processor
2. Save your word-processed resume in text (.txt) format.
3. Open your text resume in an editor.
4. Add the required html tags.
5. Tables are defined with the table element. Use the border attribute specifies the table's border width in pixels. The columns in the head section are defined with the elements.
